Description

3D Art is any art form having length, breadth, and depth. This includes visual arts that exceed the 3/8 inch thickness rule.

Any of the following are acceptable.

Sculpture

- Can be a combination of mediums.
- No loose pieces that can become separated.
- **No Kits are allowed.**

Jewelry

• Can be made from any material. If chains, pin, or earring mounts are used, they can be purchased. All other aspects of the Jewelry need to be original from the perspective of the artist.

Visual Arts

• Art that does not meet the qualifications or dimensions and guidelines for Visual Arts may be submitted as 3D art.

- This art may include mobiles, wind chimes, kites, collages, diorama, etc.
- No loose pieces that can become separated.
- **No Kits are allowed.**

Ceramics

- This must be created completely by the students. (Help may be given for firing if necessary.)
- No precast ceramics allowed; from scratch only.
- **No Kits are allowed.**

Entries will be judged primarily on the student's artistic portrayal and use of the theme, whether an entry uses a variety of techniques or a simple approach, a well-developed concept is more important than technique.

Originality

Each entry must be the original work of one student only. An adult may not alter the creative integrity of a student's work. Because the program is designed to encourage and recognize each student's individual creativity, help from an adult or collaboration with other students is not allowed.
